Charge Indicator LED:
- 🟧 Orange light = Charging
- 🟩 Green light = Battery full
- 🟥 Flashing red = Battery empty
- ⬜ Unlit = Not charging

---

2 RECORD

USE THE REMOTE

Point Remote here (<50cm)

PRESS

UP

The top of the video footage.

1. Point Remote at Camera.
2. Press 'start record' button ⏺.
3. A red light will appear on the Camera 🟥.

More recording options are available from the Settings page inside the App.

WHERE ARE MY VIDEOS?

- Your recorded videos are stored inside the Camera.
- You can preview videos by connecting the Tablet to the Catchcam WiFi and streaming using the App. 📝 4
- *(Press the WiFi button on the Remote to broadcast the CatchCam WiFi network. It provides access to the Camera's videos. It does not connect to the internet.)*
- Permanently download videos to your Tablet's memory using the App's 'Download' function. 📝 5
- After downloading, you can edit and share these videos using other apps like WhatsApp or Facebook.
- Sharing requires an internet connection. You will need to connect the Tablet to a WiFi network that has an internet connection.
